Great Reasons to Discover Lincoln

Great Teaching
The University of Lincoln was named among the UK’s top 10 modern universities in The Times and Sunday Times Good University Guide 2015 and in the top 40 English universities by the Complete University Guide 2016. We have some of the most satisfied students in the UK, rating in the top 25% nationally in a number of subject areas of the National Student Survey 2015, including first in the UK for Psychology courses. We are recognised for our pioneering approach to working with employers, winning a Lord Stafford Award and a Times Higher Education Award.

Great Industry Links
The University of Lincoln is recognised as setting a blueprint for excellence in teaching and learning through its pioneering approach to working with industry. Our innovative approach and unique relationships with companies such as Siemens and the Lincolnshire Co-op have won a Lord Stafford Award and a Times Higher Education Award.

Great Prospects
Nine out of ten of our most recent graduates were in work or further study six months after finishing their course. Lincoln ranks in the top 20 for graduate prospects in a number of subject areas in The Times and Sunday Times Good University Guide 2015 with Engineering rated number one. Lincoln graduates secure jobs at major companies and organisations around the globe, including the BBC, Rolls-Royce, Siemens, Boots, GlaxoSmithKline, Lloyds Bank and Rockstar Games.

Great Location
Lincoln is a great city for students and the campus is in the heart of the city centre. Steeped in history, you will find one of the finest cathedrals in Europe and a medieval castle, which is home to an original copy of Magna Carta. Everything you need is just a short walk from our waterside campus.

Great Research
Lincoln is proud to be home to world-leading researchers who are making profound contributions to their subject areas. From developing new medical technologies to preserving rare architectural treasures, the work of Lincoln’s academics and students makes a real difference to society. Coming to university is about joining an academic community and being engaged in research that has a real impact.

Great Minds
Alongside our world-class academic staff, some of the finest thinkers in their fields come to Lincoln to deliver inspirational talks to our students. Recent guest speakers include award-winning actor John Hurt, naturalist and broadcaster Chris Packham, Olympian and sports presenter Steve Cram, journalist Angela Rippon, designer Alberto Alessi, scientist Professor Lord Robert Winston, broadcaster Nicholas Parsons, and barrister and campaigner Baroness Helena Kennedy.

Great Family
We have an active alumni network, with Lincoln graduates working in major international companies, charities and organisations all over the world. Many of our most successful graduates return to Lincoln to share their knowledge with current students at our annual series of alumni networking events. Our ethos is to provide an education and experience which enables our students to achieve the future they want and that relationship extends long beyond graduation. Our students are part of the Lincoln family for life.

Great Activities
We have an eclectic array of clubs and societies for our students to get involved in – spanning interests from parkour to Harry Potter. Our sports teams compete in British Universities & Colleges Sports (BUCS) competitions. Lincoln Students’ Union won the title Students’ Union of the Year at the National Union of Students (NUS) Awards 2014.

Welcome

A warm welcome - we are delighted that you are considering joining our academic community here at the University of Lincoln.

At Lincoln, our expert staff, world-class research and excellent facilities combine to create a collaborative learning environment that is challenging, engaging and academically rigorous.

Our strong partnerships with employers provide opportunities for students to engage with industry and prepare for their future career.

Based in one of the world’s great small cities, our modern campus provides award-winning facilities to support you in your studies.

I hope you enjoy the Open Day and look forward to welcoming you to our community.

Professor Mary Stuart
Vice Chancellor

Welcome from a Student Ambassador

Having heard great things about what Lincoln has to offer students, I decided to visit and I am glad that I did.

The Open Day answered a lot of questions for me and made me feel that I was truly making an informed decision about my future. From speaking with tutors to seeing where I would study, everything worked to reassure me I was making the right choice.

At Lincoln, I have the opportunity to get involved in some amazing things, both within my degree and outside of it. The University itself is a community which provides support, friendship and opportunities. I have really enjoyed my time here and have a clear idea of the direction I would like my career to take, going forward.

For me, Lincoln just continues to get better and I don’t think you could have picked a better time to consider becoming part of the University of Lincoln community. I hope you enjoy the Open Day.

Daniel Richardson
BSc (Hons) Psychology

Travelling to Lincoln

The University of Lincoln’s Brayford Pool Campus is a five minute walk from Lincoln city centre and the city’s rail and bus stations. We encourage visitors to travel to our Open Days using public transport where possible.

By Rail
Lincoln Central is the nearest railway station to the University and is a five minute walk from the University of Lincoln’s Brayford Pool Campus. Student Ambassadors will be located outside of the railway station to guide you to the University.

By Road
From the South, take the A1 until you reach Newark, then follow the A46 into Lincoln city centre.

From the North, take the A1 until you reach Retford, then follow the A57 into Lincoln city centre.

There is no parking available on the University of Lincoln’s Brayford Pool Campus, other than for blue badge holders. A number of public car parks are within a five minute walk of the campus – visit www.lincoln.gov.uk/parking for details. To arrange a blue badge parking space on campus, please call 01522 837100.

If travelling by car, the Sat Nav Postcode is LN6 7DQ.

For further information and links to download our campus and city maps, please visit www.lincoln.ac.uk/maps

By Bus
Lincoln City Bus Station is the nearest bus station and is a seven minute walk from the University of Lincoln’s Brayford Pool Campus.

Overnight Accommodation
There are lots of places to stay in Lincoln. For guidance, visit www.visitlincoln.co.uk

A number of hotels are located just minutes away from the Brayford Pool Campus. These include the DoubleTree by Hilton, Holiday Inn Express and Premier Inn (Lincoln City Centre).

The University has negotiated a special friends and family rate for overnight stays at the White Hart Hotel in the city’s historic Bailgate area. To take advantage of this, simply quote ‘Luff’ when you make your hotel booking over the telephone. Terms and conditions apply.

www.lincoln.ac.uk/opendays
Arrival and Registration

If you have pre-booked for the Open Day, your closest registration point is provided in your pre-registration email. Visit this point to drop off your registration slip. Registration points are listed on the campus map at the back of this guide.

Presentations
There are a number of useful talks taking place today that will give you more information about life at Lincoln. The timetable at the back of this guide details when and where they will be.

University of Lincoln in 2016
The welcome talk will give you a comprehensive introduction to the University of Lincoln, highlighting our successes and why Lincoln is such a popular choice for students.

Accommodation at Lincoln
This presentation is delivered by our Accommodation Team and provides guidance on the range of accommodation options available.

Student Finance, Fees and Funding
This presentation will provide you with all the information you need to know about university fees, funding opportunities and the financial support offered by the University of Lincoln.

Student Life at Lincoln
This talk is delivered by our Student Ambassadors who will describe their experiences of higher education and studying at the University of Lincoln.

Careers and Employability at Lincoln
Our Careers & Employability Team will explain the careers guidance available to our students and graduates, including CV clinics, one-to-one sessions, interview workshops and mock assessment centres.

School Welcome and Subject Presentations
School Welcome Talks are given by the Head of each academic School and highlight the opportunities and facilities available.

Subject presentations are led by the academic staff who teach on the programme and go into detail about course modules, industry links, work experience opportunities and graduate career destinations. These talks sometimes include a workshop to give you a feel for what it is like to study your chosen course at the University of Lincoln.

Postgraduate Welcome and Funding Opportunities
This talk highlights the postgraduate opportunities on offer at the University of Lincoln and the many options available to fund your study.
Arrival and Registration

Tours

Campus and Accommodation Tours
Walking tours of the campus take place throughout the day. To join a tour, register with the University of Lincoln Student Ambassadors in the public square outside of the Media, Humanities and Technology (MHT) Building.

Campus tours take approximately one hour and include a viewing of on-campus student accommodation. The final tour of the day leaves at 2.15pm.

You can view on-campus accommodation at any time by dropping into our open accommodation apartment. Visit the Information Zone located on the first floor of the Minerva Building, to find out which apartments are open today.

City of Lincoln Tours
City of Lincoln bus tours depart at 10am, 12noon and 2pm. Spaces on these tours are limited so need to be booked. To book onto a city tour, register with the University of Lincoln Student Ambassadors in the public square outside of the Media, Humanities and Technology (MHT) Building.

Library Tours and Stand
Regular tours of the Library and its facilities will take place every 30 minutes from 10am until 3pm. The Library information stand is located in the entrance of the Library where you can find out further information about the facilities and join the tour.

Additional Information

Student Ambassadors
Student Ambassadors will be available across the campus during the Open Day to help you and to answer any questions you might have about the University of Lincoln or about student life.

Student Ambassadors can be identified by their teal t-shirts or navy hooded tops, and will be happy to help with any queries you might have.

Information Zone
The Information Zone is open all day on the first floor of the Minerva Building. Visit the Information Zone to find out more about accommodation, disability support, careers and employability, fees and funding, sport and student support.

The Residential Services Team will be available in the Information Zone, alongside our University Accommodation Agency.

Postgraduate Information
Discover more about the opportunities for postgraduate study at Lincoln at our Postgraduate Information Stand, located in the Information Zone in the Minerva Building.

Students’ Union
You can find out more about Lincoln’s award-winning Students’ Union by visiting their stand in the Information Zone.

Once you have registered you will receive a complimentary drinks voucher for you and your guests, which can be used in the Minerva Building, the Art, Architecture and Design Building and the David Chiddick Building.
School of Architecture & Design

The School of Architecture & Design provides a dynamic and supportive environment, founded on creativity, exploration and innovation, where students can develop into successful practising designers and architects.

You will have access to industry-standard facilities in our purpose-built Art, Architecture and Design Building, and learn from academics who are leaders in their field.

Our professional Architecture courses are validated by the Royal Institute of British Architects and prescribed by the Architects Registration Board.

Subject Areas
- Architecture
- Creative Advertising
- Design for Exhibitions and Museums
- Graphic Design
- Illustration
- Interactive Design
- Interior Architecture and Design
- Product Design.

School Talks
Find out more about the School and the course you are interested in by attending the School talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stand
There are no individual subject stands for programmes in the School of Architecture & Design, as visitors are welcome to visit the individual studios all day from 9am until 3pm. Details of where the studios are located can be found by visiting the School Information Desk in the foyer of the Art, Architecture and Design Building.

Facilities Tours
There will be a tour of the studios following the subject/School talk. If you would like a tour of the studios at another time, please visit the School Information Desk and a member of staff or a Student Ambassador will be happy to show you around.

Lincoln Business School

Lincoln Business School has a global outlook, producing the business thinkers, entrepreneurs and managers of tomorrow. Research conducted by our academics and students is having a positive impact on business and society as a whole.

Our strong industry links provide opportunities for work experience during your studies. You may choose to undertake a year-long work placement in the UK or overseas as part of your degree, which provides an opportunity to gain valuable experience and build contacts in your chosen industry.

Subject Areas
- Accountancy and Finance
- Advertising and Marketing
- Business and Finance
- Business and Management
- Business and Marketing
- Business Studies
- Economics*
- Events Management
- International Business Management
- International Tourism Management
- Marketing.

Subject Talks
Find out more about the course you are interested in by attending a specific subject talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for Lincoln Business School courses will be open from 9am until 3pm in the David Chiddick Building, where you will be able to meet staff and students and ask any questions.

*Subject to validation.
School of Chemistry

The University of Lincoln’s School of Chemistry has been developed in partnership with industry to ensure that the curriculum is relevant to the needs of employers and to ensure you develop the knowledge and practical skills necessary for a career in the science industry.

The School offers a vibrant and research-driven environment where staff and students work together on innovative chemistry projects.

There is an emphasis on hands-on learning and you will study in the University’s world-class £14 million Science and Innovation Park, which offers state-of-the-art laboratories and equipment. The School’s MChem degree gives you the opportunity to spend a year working in industry to gain experience and apply your learning in practice.

Our Forensic Science course has full accreditation from the Forensic Science Society, meaning students are eligible for membership.

Subject Areas
Chemistry
Forensic Chemistry
Forensic Science.

Subject Talks
Find out more about the course you are interested in by attending a specific subject talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for courses in the School of Chemistry will be open from 9am until 3pm in the Joseph Banks Laboratories, where you will be able to meet staff and students and ask any questions you may have.

Facilities Tours
There will be a tour of the Chemistry labs following the subject talk. The tour begins at 12noon from the Chemistry subject stand in the Joseph Banks Laboratories. If you would like a tour of the labs at another time, please visit the subject stand and a member of staff or a Student Ambassador will be happy to show you around.

School of Computer Science

Studying in the School of Computer Science means joining an academic community that is passionate about using technology to solve real problems.

Our students learn from world-leading specialists who are involved in cutting-edge research in the field of computer science.

A research team led by Professor Nigel Allinson MBE, the University’s Distinguished Professor of Image Engineering, is working to develop more effective and shorter radiotherapy treatments for cancer sufferers, while the Lincoln Centre for Autonomous Systems carries out some of the world’s most advanced research into robotics.

You will learn in industry-standard computer science laboratories with high-end technical resources, including a computer engineering workshop, workstations with full design software platforms, Raspberry Pi, tablets, smart phones and robots.

Subject Areas
Computer Information Systems
Computer Science
Games Computing
Social Computing.

School and Subject Talks
There will be a School presentation followed by course presentations and a tour of facilities. Please use the timetable at the back of this guide to find out the time and venue of the talk.

Subject Stands
Subject stands for courses in the School of Computer Science will be open from 9am until 3pm on the third floor of the Media, Humanities and Technology (MHT) Building, where you will be able to meet staff and students and ask any questions you may have.

Facilities Tours
There will be a tour of the Computer labs following the School presentation. If you would like a tour of the labs at another time, please visit the subject stand and a member of staff or a Student Ambassador will be happy to show you around.
School of Engineering

The School of Engineering was developed in collaboration with global engineering firm Siemens. This groundbreaking partnership exposes students to professional, academic and research opportunities informed by industry, and has been recognised with a Lord Stafford Award and a Times Higher Education Award.

The School is a centre of excellence for industrial power and energy engineering, and you learn from staff with significant expertise. Teaching is informed by research and you can develop your practical skills using the exceptional range of industry-standard equipment in the University’s purpose-built Engineering Hub.

Our Mechanical Engineering courses are accredited by the Institution of Mechanical Engineers.

Subject Areas
Electrical Engineering
Mechanical Engineering.

School Talks
Find out more about the School and course you are interested in by attending the School talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for courses in the School of Engineering will be open from 9am until 3pm in the Engineering Hub, where you will be able to meet staff and students and ask any questions you may have.

Facilities Tours
There will be a tour of the Engineering Hub and Siemens facilities as part of the School talk. If you would like a tour of the facilities at another time, please visit the subject stand and a member of staff or a Student Ambassador will be happy to show you around.

Open house activities will take place for you to join between 11am and 2pm. Please visit the subject stand for more information.

School of English & Journalism

Students in the School of English & Journalism work at the cutting edge of research and practice. Leading academics, a vibrant research culture, industry standard production facilities and extensive work experience opportunities mean studying at Lincoln is an investment in your future.

You will learn from experienced teaching staff in the School including award-winning journalists, public relations practitioners and authors. The School’s strong links with the BBC, newspapers, broadcasters and magazines, ensure that students have opportunities to engage with industry.

There is a strong research culture in the School, with particular expertise in the history and culture of the 19th Century, and literature of the 21st Century.

Journalism at Lincoln is ranked fifth out of more than 50 other institutions, according to the Guardian University Guide 2016.

Public Relations.
Lincoln School of Film & Media

Lincoln School of Film & Media has forged a reputation for excellence, built on outstanding facilities and staff, strong relationships with the sector and graduates who have gone on to successful careers in the industry.

Our experienced academic staff are active in research and industry, and the School plays host to a series of guest lectures by high-profile visiting speakers. There are opportunities for work experience, including at the BBC, with which the University of Lincoln has Education Partner status.

Students benefit from access to industry-standard facilities to develop and hone their creative skills. Our Media and Broadcast Production Centre provides a state-of-the-art production environment while Animation facilities include studios, workshops, Mac suites, a render farm and gallery space.

Our famous alumni include YouTube superstars Jack Howard and Thomas (TomSka) Ridgewell.

School Talks
Find out more about the School and course you are interested in by attending the School talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for courses in the School of Film & Media will be open from 9am until 3pm in the foyer on the ground floor of the EMMTEC Building. Here you will be able to meet staff and students and ask any questions you may have.

Facilities Tours
There will be a tour of the School’s facilities and studios following the School Welcome Talks. An additional tour of the media facilities will be available at 12noon. Please report to the foyer on the ground floor of the EMMTEC Building.

School of Fine & Performing Arts

The School of Fine & Performing Arts offers practice-led courses taught by academic staff with extensive industry experience and links to the arts. Students benefit from state-of-the-art facilities and are fully supported into a range of professional roles within the arts.

Lincoln Performing Arts Centre is a hub of creative performance in Lincoln, where facilities include a 450-seat theatre, three large studio spaces and a workshop for building sets and props.

Fine Art and Fashion students can access our purpose-built arts building, which houses studios, workshops and gallery spaces.

The School is home to one of the UK’s biggest drama courses. Performing Arts and Fashion students have opportunities to perform through our semi-professional theatre company, The Lincoln Company, and to showcase their work at the Edinburgh Festival Fringe.

Subject Areas
Dance
Drama
Drama and English
Fashion
Fine Art
Music.

School Talks
Find out more about the School and course you are interested in by attending the School talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for courses in the School of Fine & Performing Arts will be open from 9am until 3pm on the ground floor of the Lincoln Performing Arts Centre (LPAC). Here you will be able to meet staff and students and ask any questions you may have.

Facilities Tours
There will be a tour of facilities for all subjects following the School Welcome Talk.
The School of Health and Social Care is committed to improving the health and wellbeing of society, and to ensuring that our graduates develop the knowledge and skills to become the next generation of leading health professionals.

The School is home to a variety of professionally accredited courses in Nursing and Social Work, as well as our vocationally oriented Health and Social Care degree. We undertake a broad range of high-quality research projects through our thriving Community and Health Research Unit, part of the Lincoln Institute for Health.

You will be taught by staff with a wealth of practitioner experience and by published authors whose books have been adopted as core texts at numerous universities in the UK. Our fully equipped clinical suites enable you to develop the practical skills you will need in your future career.

Subject Areas
Health and Social Care
Nursing
Nursing (Mental Health)
Social Work.

Subject Talks
Find out more about the course you are interested in by attending a specific subject talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for Health and Social Care and Social Work will be open from 9am until 3pm on the first floor of the Minerva Building. Nursing subject stands will be open from 9am until 3pm in the Think Tank. Here you will be able to meet staff and students and ask any questions you may have.

School of History & Heritage

The study of History is brought to life in the medieval city of Lincoln, which is home to one of only four surviving 1215 Magna Carta manuscripts, and one of Europe's finest Gothic cathedrals.

In the School of History & Heritage, you will learn from academics who are leading authors and researchers, contributing to international conferences, books, broadcasts and restoration projects.

The School has close working relationships with, and access to, the Cathedral, City, County and Diocesan archives, in addition to the University’s own award-winning library.

Conservation at Lincoln has strong links to museums and heritage agencies. Crick Smith, the University’s consultancy division, undertakes high-profile projects with clients including the National Trust, English Heritage, Historic Royal Palaces and the Victoria and Albert Museum.

Subject Areas
Conservation & Restoration
History.

Subject Stand
Subject stands for courses in the School of History & Heritage will be open from 9am until 3pm on the ground floor of the Media, Humanities and Technology (MHT) Building. Here you will be able to meet staff and students and ask any questions you may have.

Facilities Tours
The Conservation of Cultural Heritage Laboratory will be open for tours from 9am until 3pm in the Art, Architecture and Design Building.
Lincoln Law School

Law has a long and illustrious heritage in Lincoln, from the city’s possession of one of only four surviving 1215 Magna Carta manuscripts, to the work of its law courts today.

Lincoln Law School offers a vibrant academic environment and a range of dedicated facilities, including our own 95-seat moot court.

Teaching is informed by research and the School is home to expert academics, who carry out original research and publish their findings widely. There is particular research expertise in the broad areas of International Law, European Law and Human Rights.

Our students are encouraged to enter competitions on mooting and negotiation, join the student-run Law Society and get involved in the University Law Clinic to gain practical skills and experience.

At Lincoln, all of our LLB courses are recognised by the professional bodies, so you can proceed directly to the Bar Professional Training Course or the Legal Practice Course.

Subject Areas
Law
Law and Criminology.

Subject Talks
Find out more about the course you are interested in by attending a specific subject talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for Lincoln Law School courses will be open from 9am until 3pm in the David Chiddick Building, where you can meet students and staff and ask any questions you may have.

School of Life Sciences

The School of Life Sciences is home to a vibrant, international community of researchers and academics working at the forefront of their disciplines and inspiring the next generation of scientists.

At Lincoln, teaching is underpinned by the expertise of our world-leading academics, encompassing areas as diverse as animal behaviour, cognition and welfare, biomedical science, biochemistry, evolution and ecology.

You will learn in state-of-the-art laboratories and will be supported to develop the practical, technical and research skills required for a career in the science industry.

There are opportunities to work alongside academics on some of the School’s groundbreaking research projects and to take part in field trips around the world to gain first-hand experience of your subject.

Subject Areas
Animal Behaviour and Welfare
Biochemistry
Biology
Biomedical Science
Bioveterinary Science
Zoology.

Subject and Subject Talks
Find out more about the course you are interested in by attending the School talk and a specific subject talk. Please use the timetable at the back of this guide to find out when your talks are taking place.

The 2pm talk for all subjects within the School of Life Sciences will be an overview of all courses; not a specific course presentation.

Subject Stands
Subject stands for courses in the School of Life Sciences will be open from 9am until 3pm in the Joseph Banks Laboratories, where you can meet students and staff and ask any questions you may have.

Facilities Tour
For Life Sciences students there will be a tour of facilities including Joseph Banks Laboratories, Minster House and the Science Building starting at 12 noon and will run every 30 minutes until 2pm.
School of Mathematics and Physics

The University of Lincoln has received multi-million pound funding from the HEFCE Catalyst Fund to establish a new School of Mathematics and Physics.

An innovative, research-focused approach ensures that students have opportunities to apply problem-solving skills in a variety of contexts. You will work with academic staff and other students on exciting and challenging projects and may even contribute to research for academic papers or industrial clients towards the latter stages of your course. There is an emphasis on industry links to prepare you for global careers.

Amongst the School’s staff, there are winners of prestigious prizes, such as the UK Institute of Physics PhD Thesis Prize in Computational Physics and the Tadion Rideal Prize for Molecular Science from King’s College London.

Subject Areas
Mathematics
Mathematics and Computer Science
Mathematics and Physics

Subject Talks

Facilities Tours
For Physics students there will be a tour of facilities following the subject talks. If you would like a tour of the Physics facilities at another time, please visit the subject stand and a member of staff or a Student Ambassador will be happy to show you around.

School of Pharmacy

The School of Pharmacy is home to a scientific community, where academics and research students work together to investigate issues around drug delivery and effectiveness.

The philosophy of the School of Pharmacy is to produce passionate pharmacists and pharmaceutical scientists who are adept in addressing many of the major healthcare challenges that will face society in the coming years.

The School is based in the purpose-built Joseph Banks Laboratories, part of a multi-million pound investment in research facilities and infrastructure between the University of Lincoln and the Lincolnshire Co-operative. You will have access to state-of-the-art laboratories equipped with industry-standard facilities, including a mock pharmacy and drug store, a medicines suite and consultation rooms.

The School has extensive links with other research institutions, hospitals, pharmacies and the wider pharmaceutical industry, which supports opportunities for you to engage with real-world projects.

Subject Areas
Pharmaceutical Science
Pharmacy

Find out more about the School and course you are interested in by attending the School talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for School of Pharmacy will be open from 9am until 3pm in the Joseph Banks Laboratories, where you can meet students and staff and ask any questions you may have.

Facilities Tours
There will be a tour of facilities following the School talks. If you would like a tour of the Pharmacy facilities at another time, please visit the subject stand and a member of staff or a Student Ambassador will be happy to show you around.
School of Psychology

In the School of Psychology, students join a thriving academic community and are taught by staff with internationally renowned practice and research expertise.

The School of Psychology carries out a wide range of psychological research and has established a reputation as an important centre of fundamental and applied research into mental functions and behaviours.

You will have access to facilities including psychology labs, an observation suite, a psychophysiology lab, a sleep lab and a ‘Babylab’.

At Lincoln, you will develop the knowledge and skills relevant to a range of careers. All our courses are accredited by the British Psychological Society, confirming eligibility for the Graduate Basis for Chartered Membership – the first step towards becoming a professional psychologist.

In the National Student Survey 2015, Psychology at Lincoln was ranked first in the UK for student satisfaction.

Subject Areas
Psychology
Psychology with Clinical Psychology
Psychology with Forensic Psychology.

School Talks
Find out more about the School and course you are interested in by attending the School talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
Subject stands for courses in the School of Psychology will be open from 9am until 3pm on the first floor of the Minerva Building, where you can meet students and staff and ask any questions you may have.

Facilities Tours
There will be a tour of the Psychology labs as part of the School talk. If you would like a tour of the labs at another time, please visit the subject stand and a member of staff or a Student Ambassador will be happy to show you around.

School of Social & Political Sciences

The School of Social & Political Sciences is home to a vibrant academic community that combines high-quality teaching with outstanding research.

At Lincoln, you learn from our expert staff, many of whom are recognised as leading authorities in their fields. Areas of research expertise in the School include the security and intelligence services, citizenship, youth participation, Chinese and Russian politics, community cohesion and ageing societies.

Many of our students take advantage of the opportunity to study abroad during their course, allowing them to experience different cultures and develop language skills. Our field trips allow you to gain first-hand experience of your subject, with recent visits including trips to the United Nations in New York and the European Parliament in Brussels.

Subject Areas
Criminology
Criminology and Social Policy
International Relations
International Relations and Social Policy
International Relations and Politics
Politics
Politics and Social Policy
Social Policy
Sociology.

Find out more about the course you are interested in by attending a specific subject talk. Please use the timetable at the back of this guide to find out when your talk is taking place.

Subject Stands
The subject stands for courses in the School of Social & Political Sciences will be open from 9am until 3pm on the first floor of the Minerva Building, where you can meet students and staff and ask any questions you may have.

*Subject to validation.
School of Sport & Exercise Science

The School of Sport & Exercise Science’s cutting-edge facilities, expert staff and excellent links with the sports industry, teams and professional practices, provide the ideal environment to prepare for a successful career in the sports sector.

Teaching takes place in our state-of-the-art Human Performance Centre, which provides a range of laboratories and sports facilities. Taught by staff with professional and research expertise, you will develop your knowledge and transferable skills for a career in a wide range of sport science-related industries.

Both staff and students undertake innovative research and you will have the opportunity to engage in projects in areas such as youth physical activity, psychophysiology of sport performance, health advancement and mental toughness.

Subject Areas
Physical Activity and Health Development
Physical Education and Sport*
Sport and Exercise Science
Sport Development and Coaching
Strength and Conditioning in Sport*.

Useful Information

Subject to validation.

Keeping up-to-date
We will tweet updates and information about our Open Days from our University of Lincoln Open Days Twitter account
@LincolnOpenDay

Visitors with Disabilities and Hearing Aids
Visitors who require special arrangements, such as blue badge parking spaces on campus, should contact the University in advance of the Open Day on 01522 837100.

Safety and Fire Procedures
Please obey all safety and warning signs while you are on campus. There are no fire drills planned for today. In the event of a fire alarm, please leave the building you are in by the nearest fire exit and make your way to the fire assembly point. In the event of a fire alarm please do not use the lifts.

First Aid
Lincolnshire Medical Services will be on campus to provide assistance. Should you require first aid, please inform the nearest Student Ambassador or member of staff.

Lost Property
Lost property can be handed in to any Student Ambassador or member of staff.

Photography
There may be a photographer or videographer in attendance at the Open Day, taking pictures for use within University of Lincoln marketing materials and on our website. Please make the photographer aware if you would not like your image to be used.

Have a great day!
The timetable below details when and where our subject and general presentations are taking place today. Please refer to the campus map key at the bottom of this page for room numbers and locations. The activities taking place for your interest and to answer any questions you may have about our courses are presented in the following table. Remember to allow time for a tour of our campus and have a look around the city.
