

## **Selection Event Information for BSc (Hons) Midwifery Applicants**

Following your UCAS application the University Student Administration Team will review your information and forward eligible applications to the School of Health & Social Care for shortlisting.

If your application is successful you will be invited to attend a half day selection event via your UCAS Track. All communications will be made via your UCAS Track so please check this regularly.

Please confirm your attendance or request an alternative date via your UCAS track as soon as possible. Please note, should you decline your selection event or if you do not attend, the University shall assume that you are no-longer interested in a place on the programme and have withdrawn your application.

### **How should I prepare for the selection event?**

The BSc (Hons) Midwifery programme has been designed specifically for those who wish to become a qualified midwife and as such reflects current Nursing and Midwifery Council (NMC) requirements for midwifery education. On successful completion of the programme you will achieve a BSc (Hons) Degree in Midwifery with the ability to register on the chosen pathway of the professional register with the NMC.

The University website provides comprehensive information on the midwifery programme –

as well as information on funding and bursaries <http://www.nhsbsa.nhs.uk/students> In addition, there are numerous Open Days and marketing events which provide information for prospective students throughout the year. If there is anything further you wish to know please do not hesitate to ask a member of staff during your visit.

An **Assessment of Suitability Declaration form** will be required to be completed. This can be found [here](#). It is mandatory that you complete and return this by email in advance of your interview. You will be unable to proceed to selection if an electronic copy has not been made available to the Admissions Tutor prior to the date of your selection event. Please email the Assessment of Suitability form to [midwifery@lincoln.ac.uk](mailto:midwifery@lincoln.ac.uk)

### **What will my interview include?**

- A short introduction to the structure of the selection event.
- A 10 minute situational judgement test. You will be presented with 5 hypothetical scenarios and asked to rank the correct answers from 1 (most appropriate) to 4 (least appropriate).
- A one to one structured interview lasting approximately 15 minutes. It is typically observed by a panel consisting of one member of the academic team and one other person who may be a clinician, patient representative or a current senior healthcare student.

Selection events will take approximately 3.5 hours on a weekday.

All information from your application form, situational judgement task and interview, will then be reviewed against the BSc (Hons) Midwifery programme selection criteria.

If you require additional support in the situational judgement task due to a disability, learning difficulty or medical condition, please contact the Admissions Administrator on 01522 837770 as soon as possible or email [midwifery@lincoln.ac.uk](mailto:midwifery@lincoln.ac.uk)
