

BISHOP
GROSSETESTE
UNIVERSITY

AUGUST 2019

Dear Student

On behalf of both Universities here in Lincoln, we would like to welcome you back to the City and wish you well as you return to your studies.

Working together with the Lincoln community, we support the principles in the City of Lincoln Council's Community Cohesion strategy and expect our students to live alongside and within the residential areas in the City in a peaceful and harmonious way.

The community you have chosen to live in will include families with children, elderly people, working people and other students and it is important that you become part of that community and respect the diversity and the lives of all residents.

We also encourage our students to consider the great number of volunteering opportunities available through your Students' Union. Each year, hundreds of students dedicate their time to support local community initiatives which develops positive relations between all members of the community.

We wish you well for the continuation of your studies.

Yours sincerely,

A handwritten signature in black ink that reads "Mary Stuart".

Professor Mary Stuart CBE
Vice Chancellor
University of Lincoln
