

UNIVERSITY OF
LINCOLN

JULY 2022

Dear student

We are very proud of our student communities and, working together with key partners across the City of Lincoln, we support our students to live alongside and within the residential areas in the City in a peaceful and harmonious way.

The community you have chosen to live in will include families with children, elderly people, working people and other students and it is important that you become part of that community and respect the diversity and the lives of all residents.

Over the past few years, throughout the country we have seen communities come together to support each other in many different ways and we encourage you to continue this and to be supportive in whatever way you can and to get involved with community issues and activities. We work closely with our partners in the City of Lincoln Council and Lincolnshire Police and our respective Students' Union and we are all committed to ensuring that our students can live comfortably in the knowledge that their communities are safe.

We also encourage our students to consider the great number of volunteering opportunities available through your Students' Union. Each year, hundreds of students dedicate their time to support local community initiatives which develops positive relations between all members of the community.

We wish you well for the continuation of your studies.

Yours sincerely,

Professor Neal Juster
Vice Chancellor
University of Lincoln

Rev'd Canon Professor Peter Neil
Vice Chancellor
Bishop Grosseteste University

Professor Neal Juster BSc PhD CEng FIMechE

Vice Chancellor
